

Designing Your Ideal Multimedia Space: Student Survey

Welcome to our Multimedia Arts Student Survey!

We're excited to hear your thoughts and preferences on the development of a new online platform tailored for BMMA students. Your input is invaluable in creating a space that enhances your multimedia experience and showcases your talents effectively.

This short survey will only take a few minutes to complete. Please share your insights on platform features, what makes for an engaging experience, and other aspects of a user-friendly interface. Your feedback will shape the future of our multimedia community.

Name: (Optional)
(Family name, Given name M.I.)

Year Level: *

- ☐ First Year
- ☐ Second Year
- ☒ Third Year
- ☐ Fourth Year

Questions

Share your preferences and shape our Multimedia Arts Platform! Your insights guide us in creating a platform tailored to your desires.

As an artist or BMMA student, which type of online platform or tool would you find most useful for showcasing your multimedia work? You can choose from the provided options, but if none of the choices apply, please specify. *

☐ LikHub is a platform that offers users a daily prompt or creative challenge spanning various multimedia disciplines, including graphic design, illustration, animation, video editing, audio creation, etc.

☒ Vividly: Vividly is your virtual gallery space, where artists can showcase their creations with vibrant detail. Upload your artwork effortlessly and immerse visitors in a visually stunning journey.

☐ ArtBenta: Your gateway to an artistic marketplace. Tailored for artists and BMMA students, ArtBenta is a fusion of art and commerce, where creators can effortlessly showcase and sell their multimedia treasures.

☐ Other:

What specific features would you like to see in a website or app designed for multimedia students? (You can write as many as you want) *

Basta maganda ata madaling matutunan.
.....

What qualities do you consider important for a user-friendly experience? (Select all that apply) *

☐ Intuitive navigation

☒ Clean and visually appealing design

☐ Quick and easy access to features

☒ Mobile responsiveness

☐ Other:

What elements would be crucial for creating an engaging experience? *(Select all that apply)* *

☐ Interactive features

☒ Artist statements and descriptions

☒ User comments and feedback

☐ Other:

On which devices would you primarily access a multimedia platform? *

☒ Desktop computer

☒ Laptop

☐ Tablet

☐ Smartphone

If you have any creative ideas, what would you suggest as a name for the multimedia platform? Feel free to share your naming ideas. *(If none, please leave it blank)*

.....

Is there any specific concept or idea related to multimedia arts platforms that you would like to suggest, and that hasn't been addressed in the previous questions? Feel free to share your unique thoughts and preferences. *(If none, please leave it blank)*

- ☐ Second Year
- ☐ Third Year
- ☒ Fourth Year

Questions

Share your preferences and shape our Multimedia Arts Platform! Your insights guide us in creating a platform tailored to your desires.

As an artist or BMMA student, which type of online platform or tool would you find most useful for showcasing your multimedia work? You can choose from the provided options, but if none of the choices apply, please specify. *

☐ LikHub is a platform that offers users a daily prompt or creative challenge spanning various multimedia disciplines, including graphic design, illustration, animation, video editing, audio creation, etc.

☐ Vividly: Vividly is your virtual gallery space, where artists can showcase their creations with vibrant detail. Upload your artwork effortlessly and immerse visitors in a visually stunning journey.

☐ ArtBenta: Your gateway to an artistic marketplace. Tailored for artists and BMMA students, ArtBenta is a fusion of art and commerce, where creators can effortlessly showcase and sell their multimedia treasures.

☒ Other: Tutorial App/Website

What specific features would you like to see in a website or app designed for multimedia students? (You can write as many as you want) *

User-Friendly Interface, Course Organization, Interactive Learning Materials

What qualities do you consider important for a user-friendly experience? (Select all that apply) *

☒ Intuitive navigation

☒ Clean and visually appealing design

☒ Quick and easy access to features

☒ Mobile responsiveness

☐ Other: _____

What elements would be crucial for creating an engaging experience? *(Select all that apply)* *

☒ Interactive features

☐ Artist statements and descriptions

☒ User comments and feedback

☐ Other:

On which devices would you primarily access a multimedia platform? *

☐ Desktop computer

☒ Laptop

☒ Tablet

☒ Smartphone

If you have any creative ideas, what would you suggest as a name for the multimedia platform? Feel free to share your naming ideas. *(If none, please leave it blank)*

.....

Is there any specific concept or idea related to multimedia arts platforms that you would like to suggest, and that hasn't been addressed in the previous questions? Feel free to share your unique thoughts and preferences. *(If none, please leave it blank)*
